

# ARTIST IN RESIDENCE

## APPLICATION

The FH13 AIR is communal living. There are 6 rooms available as well as a shared living room, dining room, kitchen, washer dryer and storage space.

There is a loose connection between the second floor residents and the first floor experimental space. The first floor will have events and exhibitions on a monthly rotating basis. The AIR residents may want to coordinate and find sponsorship for a show highlighting the talents of the residents. Connections with local arts organizations and artist work studios will happen organically as a result of the collective nature of the AIR and the ongoing activities throughout the building.

As each case is different, we ask that you provide some preliminary and detailed information about yourself. Please let us know your desired dates of residence. We will contact you once we have received this information.
